Norwegians 'most naive' in Europe

A new study suggests that Norwegians are the most trusting, or naive, in Europe. Only 10 percent are considered to be in general "skeptical" of other people, after four out of five questioned said they think most can be relied upon.

**CHILDREN'S RIGHTS IN SPORTS
THE PROVISIONS ON CHILDREN'S SPORTS**

Adopted by the General Assembly of NIF in 2009.
Revised by the General Assembly of NIF in 2019.

CHILDREN'S RIGHTS IN SPORTS

The Children's Rights in Sports apply to all children, without discrimination and without regard to the gender, ethnic background, beliefs, sexual orientation, mental/physical development or disabilities of the children or their parents.

- 1. SAFETY**
Children have the right to participate in a training environment that is safe and secure, without pressure or exploitation. Children under the age of 16 should be accompanied by an adult to help avoid accidents and prevent injuries.
- 2. FRIENDSHIP AND ENCOURAGEMENT**
Children have the right to participate in training and competitive activities that are designed to help develop friendships and feelings of solidarity.
- 3. MASTERY**
Children have the right to experience mastery and to learn many different skills. They should also be given opportunities to experience variation, practice and teamwork.
- 4. INFLUENCE**
Children have the right to express their own opinions and to have them considered. They should have the opportunity to participate in the planning and implementation of their sporting activities together with their coaches and parents.
- 5. FREEDOM TO CHOOSE**
Children have the right to choose which sport or how many sports they wish to participate in, as well as the right to determine how much they wish to practice their chosen sport.
- 6. OPPORTUNITIES FOR ALL**
Children have the right to choose whether or not they would like to participate in competitions. Children transferring from one club to another within the same sporting discipline have the right to enter competitions for the new sports club as soon as the transfer is completed.
- 7. ON THE CHILDREN'S TERMS**
Children have the right to participate in training and competitive activities that are suitable for their age, physical development and level of maturity. Sports clubs and groups must work together to offer children a coordinated and diverse range of sporting activities in their own local environment.
- 8. EVERYONE MUST BE ALLOWED TO PLAY**
All children have the right to participate in sports, regardless of their family's financial situation or resources. Children have the right to be in an inclusive sporting environment without pressures related to equipment or cost.

Idrettens barnestjerner blir sjelden gode seniorutøvere

Eспен Tønnessen
Thomas Haugen

KRONIKK

Er ryddig barneidrett- og barneidrettsutøverne er ikke så vanlig som man skulle tro. Men det de finnes, er gjerne i den gode treningsleiren, en såkalt «leir», skriver Tønnessen. (Illustrasjon: Foto: Gunn Kallstad / NTB)

Er det foreldrenes skyld at barne- og ungdomsidretten har blitt så alvorlig?
